

Township of  
Langley

Est. 1873

OFFICE OF THE MAYOR  
KURT ALBERTS

September 2007

On behalf of Township of Langley Council, welcome to the 9th annual Langley Labour Day Michael J. Smith Memorial Tournament.

This event celebrates active living, sportsmanship, and youth, and those who are participating will find this tournament especially significant.

This year, the competition is being named after a man who was a huge influence on youth soccer in Langley, and played a major role with this tournament itself. Michael J. Smith served as chairman of the Langley Labour Day Tournament, and was past president of the Langley United Youth Soccer Association.

To honour all that he has done for the community, for local young people, and for the game of soccer, a new playing field in McLeod Athletic Park is also being named in Smith's memory. With more than 180 teams coming to our municipality to take part in this tournament, we hope you find the time to visit some of the many other attractions that our community has to offer. The Township of Langley features a unique mix of relaxed rural ambience and bustling urban amenities, and is home to excellent recreation, shopping, dining, entertainment, and sight-seeing attractions.

A lot of time and effort has gone into the organization of this year's Langley Labour Day Michael J. Smith Memorial Tournament, and we extend our congratulations to all the competitors, parents, coaches, and volunteers for their dedication and commitment. Best of luck to all involved.

Sincerely,

Mayor Kurt Alberts
